

ROAD CAR

LIMITLESS FREEDOM

en

2024

HANDMADE
IN GERMANY
SINCE 2015

The image features a map of the Netherlands with a red line tracing a travel route across the country. A vertical green bar highlights the central and southern regions. The text 'An urban runabout and country hideaway in one – for the ultimate freedom to travel!' is centered in the green bar. To the right, a text block describes the motorhome's features. On the far right, a table lists technical specifications.

An urban runabout and country hideaway in one – for the ultimate freedom to travel!

Heading back to your place, or being one with the world – this cost-efficient compact motorhome has everything you need on the go: agility, safety and a car-like driving experience on the road. And with complete entry level equipment for everyone who wants to get out there and travel. See for yourself, this travel solution that truly knows no boundaries – all at a sensationally good price!

* Weight specification with standard built-in equipment. 165 HP and over, +40 kg.
The maximum recommended load will change with instalment of optional extras.

Important details on calculating weight is provided on the back cover.

Roadcar R540

Compact dimensions and a great deal of (parking) space. And with the level of driving comfort of a car – but much better equipped. For you'll always have a bathroom, kitchen and living room right there with you. And with a continuous loading space right through to the driver's cabin, all models have space even for very loooooong items.

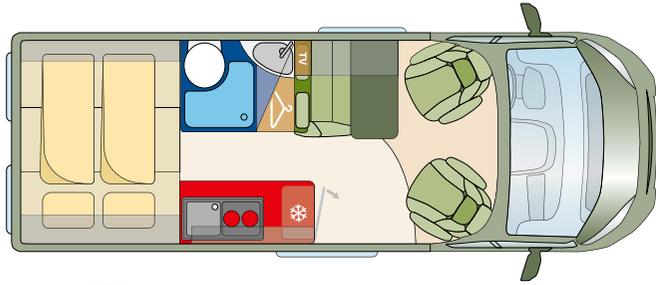

1 Seating area with tabletop alternative (optional)

2 Always there for you: your very own motorway rest area.

3 Drive-in-Restaurant

4 Shower pleasing?

Roadcar R600

The Roadcar mid-range class is anything but average: large-sized work surfaces in the kitchen, cosy lounge seating area and spacious cupboards for all your cooking utensils. And the double bed also offers even more space – for king-sized dreams!

1 A place to cook up great food – and a great atmosphere

2 Seating area for social gatherings

3 Tabletop alternative (optional)

4 Great big bed for great big dreams

3

4

Roadcar R601

Compact on the road – plenty of room for the family. With its four comfortable berths counting the bunk beds, the R 601 offers lots of room for the family on tour. Or if there's fewer passengers, simply remove the lower bunk and make space for stowing your baggage, bikes and more.

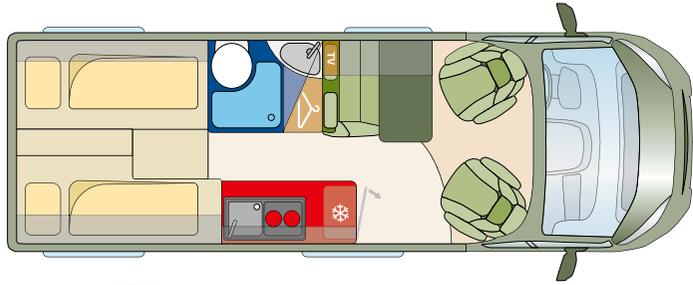

- 1** More stowage space in an instant
- 2** Two double beds as standard
- 3** Tabletop alternative (optional)
- 4** Ready for fine menus
- 5** Practical shower room, window in bathroom (optional)

Roadcar R640

Genuine big leaguer: It's not just that length of the R640 that's so impressive, for it also features two extra large-sized single beds. So, everyone gets up when they want, and not because someone else has to.

- 1** 2-burner hob with piezo igniter
- 2** Practical shower room with window (optional)
- 3** Alternative seating group with table top (optional), rear window (optional)
- 4** Long overdue: single beds positioned lengthwise

With a Roadcar there's no extras. Only highlights*.

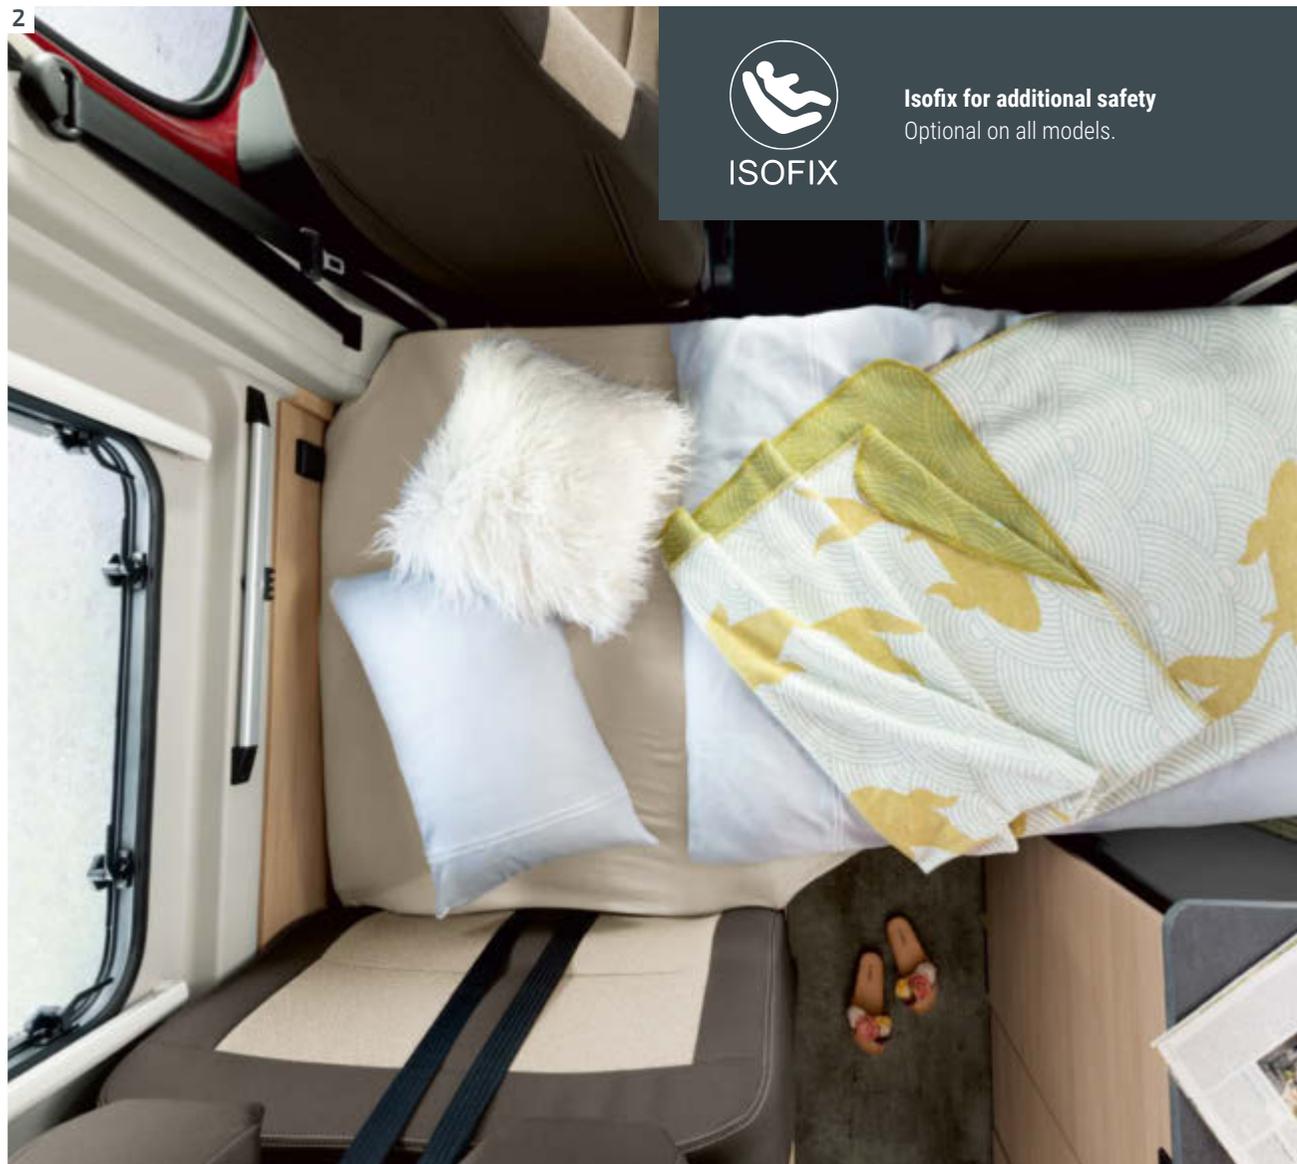

To ensure we could offer our Roadcar models at an extremely fair price, we only had to dispense with one thing: the frills. But this means that all our models are truly equipped with all the genuine essentials as standard. After all, nothing should stand in the way of that feeling of boundless freedom – including the travel budget!

* depending on layout in some cases

ISOFIX

Isofix for additional safety
Optional on all models.

4

- 1 **Rear end storage unit** What's going on back there? Nothing: Everything has its place in the practical storage compartment.
- 2 **Extra bed (optional)** Transforms the seating area into a third bed.
- 3 **Storage concept** Uniquely flexible storage space with removable bulkhead, opening up a continuous storage area through to the driver's cabin.
- 4 **Storage concept** Uniquely flexible storage space with removable bulkhead, opening up a continuous storage area through to the driver's cabin.
- 5 **Large kitchen work surfaces** Makes cooking on holiday great fun.
- 6 **LED spots** Adjustable LED spotlights when enlightenment is called for. Fully detachable for total flexibility.
- 7 **110 l Freshwater tank** Easy access, just drain and clean.
- 8 **Technical centre** All under control: anti-freeze protection, fuses and gas cut-off valve are centrally accessible.
- 9 **Fly screen (basic package)** Insects can simply all buzz off.
- 10 **Control panel** The nerve centre for the onboard electronics.
- 11 **Removable Porta Potti** The Thetford portable toilet features a magnetic holder for the lid, and is easily accessible and comfortable to use.

A BRAND OF

Rights reserved concerning technical specifications and errors. Please note that illustrations in this brochure may contain decorations, alternative designs or special equipment that are not included in the scope of delivery or for which additional charges may be incurred. All dimensions in centimetres, unless otherwise indicated. Minor deviations in colour may occur due to the printing process. Prices include the currently applicable statutory value added tax. Update 08/2023

* According to EC Directive 97/27 EC and EU standard EN 1645-2, the "mass in running order" comprises the unladen weight of the vehicle – incl. driver (75 kg) and filled fuel tank as well as the following basic equipment: water tank with reduced volume (20 l), a filled aluminium gas cylinder (15 kg) and a cable reel (4 kg). The gross vehicle weight must not be exceeded when the personal equipment, persons travelling with the vehicle and any optional extras are taken into account. The installation of special accessories will reduce the maximum recommended load and may reduce the permitted number of persons. The information on the scope of delivery, appearance, performance, dimensions and weight of the vehicles corresponds to the knowledge available at the time of going to press, and the European homologation regulations. These can change up until the time the vehicle is purchased or until delivery. Deviations within the factory tolerances (+/- 5% max.) are possible and permissible.
